

WPOS

WPOS- bearings

- **Wind-Power-Standard:** increased standard in development and production of Wind-Power-Bearings
- Bearings specialized for the use in wind power applications
- Wind-Power- Bearings with increased reliability

WPOS- processes

- WPOS product design
- WPOS quality assurance
- WPOS samples
- WPOS change management
- WPOS material inspection
- WPOS supplier
- WPOS documentation

WPOS- modules

- Reduced supplier pool
- 100% traceability
- 100% inspection of all function-important characteristics
- 100% - Ultrasonic testing of rings and rolling elements
- 100% grinding inspection of rings and rolling elements
- Frozen manufacturing processes and frozen design
- Sampling and documentation

*Optimized processes
in Wind-Power-Bearing
production!*
