

**SCHAEFFLER**

## **FAG** SmartCheck

**The palm-sized condition monitoring breakthrough that can help you avoid costly machine downtime!**

FAG SmartCheck takes condition monitoring to a whole new level of convenience and portability:

**Intuitive**

Plug & play convenience means SmartCheck is ready to go right out of the box with preinstalled monitoring configurations.

**Innovative**

Compact, baseball-sized design goes where you need it. SmartCheck can be accessed via the internet or smartphone-supported apps.

**Scalable**

Configuration can be expanded and monitoring functions can be extended to multiple units.

**Versatile**

Perfect for monitoring equipment such as electric and geared motors, pumps, gearboxes, fans, spindles and machine tools & much more.

Turn your machine into a “smart” machine with FAG SmartCheck and stop breakdowns before they occur!
