

CAPABILITY STATEMENT

MIDPOINT BEARING

DISTRIBUTORS OF BEARINGS & POWER TRANSMISSION PRODUCTS

COMPANY OVERVIEW

BUSINESS SUMMARY:

Midpoint Bearing is a certified National Minority Industrial Distributor who specializes in all types of ball and roller bearings and power transmission related products.

CAPABILITIES:

Since 1985, Midpoint Bearing has provided industry with leading **Bearing & Power Transmission** brands from industry's best known manufacturers. Midpoint Bearing is an **Authorized Distributor** for **World Class** manufacturers such as Dichtomatik, Garlock, Koyo, Lovejoy, Nachi, NTN, Schaeffler, SKF, Timken and many others. These industry leaders assure you of the highest quality and best technical / engineering support available. Our **Authorized Distributor** status ensures that you receive only **Factory Purchased** products with full **Factory Warranty**.

Midpoint Bearing specializes in the Electric Motor and Pump repair industry, the Wind Generation equipment repair industry, as well as Steel Rolling Mill industry. With close vendor/distributor partnerships we are capable of providing in depth customer training as well as service shop certifications. On site field engineering service as well as manufacturer failure analysis reports are also available.

Our facilities maintain one of the most diverse industrial based bearing inventories in the industry. Our inventory includes bearings with bore diameters as small as 4MM and as large as 870MM. Specialized inventory in our California, Texas, Oklahoma and Indiana warehouse facilities allow us to easily cover much of the continental US with same day shipments. Your needs are quickly handled.

EXPERTISE:

We provide the highest quality products to our customers along with the expertise to provide the best possible solutions for cost effective maintenance and repairs. Midpoint's staff includes a dedicated bearing/mechanical engineer capable of designing user specific training for those operations seeking "Best in Class" maintenance teams.
